

A BAKER & BLOOM PARENT WEBINAR

HOME LEARNING 101

Hosted by Ms. Rebecca Bush

What makes for effective home learning?

How can the right habits help your child learn more from their work?

What can you do when your child loses interest in their online class?

With the novel coronavirus disrupting this school year, many of you are thrown into the fray and forced to take control of your child's learning from home.

BNB's Primary Division Head and Reading Specialist Ms. Rebecca Bush will be hosting a FREE webinar to address the common home learning issues that parents face.

She will give advice, recommendations, and instructions on structuring learning time, engaging curiosity, and much, much more.

See you there!

TUESDAY, MARCH 31 | 6:00 - 7:00 PM
